The Professional Development Program (PDP) is offered by the Institute for Scientist & Engineer Educators (ISEE) at UCSC.

The PDP has been preparing STEM graduate students and postdocs to be leaders in effective and inclusive education since 2001. PDP participants learn pedagogical strategies supported by educational research, with an emphasis on teaching fundamental disciplinary content and cognitive STEM practices via inquiry. All participants employ their training by working on a small team to design and teach an inquiry activity for undergraduate students.

The PDP is supported by a range of funding sources managed by ISEE.

Summary of 2017 funding:
- UCSC Campus funding: Division of Social Science, Division of Physical & Biological Science, Division of Graduate Studies, Baskin School of Engineering.
- Howard Hughes Medical Institute grant
- NSF Astronomy grants
- NSF Graduate Research Fellowship Program
- Air Force Office of Scientific Research grant
- Graduate Assistance in Areas of National Need (GAANN) grant
